

Wishing you all a Happy
New Year

Christmas Concert and Open Day

Thank you for all your support at our Christmas concert. The children really enjoyed performing for you.

We raised £279.70 which will go to buying much needed equipment for the children. One of the items we bought was an Ipad for the children to use in class.

The Year of the Sheep

We celebrated Chinese New Year this week. We all gathered in Portman's Palace and had a great feast. We ate prawn crackers, noodles, bean sprouts and vegetable spring rolls. It was delicious!

The road safety officer came to talk to us about staying safe on the roads. She taught us that we need to stop, look and listen before we cross the road and we should always hold an adults hand when walking by busy traffic.

She told us that it was very important to be seen at night and that we should wear high visibility clothing that reflects in the dark.

We learnt about different types of crossings and she told us that the pavement with bumps on just in front of these crossings were put there to help blind people know where it is safe to cross the road.

She also told us how important it was to wear a helmet when we were riding our bikes. The message we learnt was:

STOP, LOOK, LISTEN, THINK and STAY SAFE ON THE ROADS.
